Description

All aboard for an unforgettable nostalgic trip for the whole family! The historic 1970s train invites you on a special family outing through the charming landscape of Saxon Switzerland.

From Chemnitz, the journey leads via Mittweida, Döbeln and Riesa towards Dresden. From there we travel through the picturesque Elbe Valley – one of Germany's most beautiful landscapes. Our train is hauled by a historic diesel locomotive that brings the charm of bygone railway days back to life.

Along the way, our train stops in Rathen, Stadt Wehlen, Königstein and Bad Schandau, among other places. Take the opportunity to discover the impressive nature, the unique rock formations and the many sights of Saxon Switzerland on your own.

Look forward to a day full of special impressions, nostalgic railway romance and unforgettable moments with the whole family.
