Description

Regular services on the legendary Muldentalbahn from Glauchau via Rochlitz to Wurzen ceased long ago. Instead, since 2010 small rail vehicles known as “Schienentrabis” have been running on selected weekends on the section between Rochlitz, Wechselburg and Penig, which volunteers keep clear of vegetation for this purpose.

Enjoy a special Schienentrabi ride through the beautiful Mulde Valley from Rochlitz to Penig. Due to the limited number of seats, advance booking is requested for trips on the Muldentalbahn. A maximum of 18 people can be carried per trip.

In the land of castles and palaces, history is never boring. Around Rochlitz there are castles such as Kriebstein Castle, with activities for families and fascinating insights into the castle. At Rochlitz Castle and Rochsburg Castle, history is combined with special experiences for families. On child-friendly and family-friendly guided tours, visitors young and old can discover historic places.

Further information about the event can be found here.

Location
